Visage[®] Composite Doors

Low maintenance composite doors with
the look and feel of traditional timber

Historically, the choice of entrance door has been limited to timber, which can expand, contract or warp and requires regular maintenance or PVCu which lacks the authentic wooden door look and can expand and warp.

GRP faced composite doors offer the perfect alternative

The skins on our door are manufactured from GRP (Glass Reinforced Polyester). They are compression moulded to give a high definition panel design which offers authentic timber appearance and the thermosetting manufacturing process means that they are unaffected by variations in temperature.

The stiles and rails are of a water resistant composite material and are bonded to the skins.

The insulating core consists of 100% CFC-free polyurethane which provides superior thermal performance and enhances the doors soundproofing.

The finished product is a door which is strong, stable, durable, secure and which is indiscernible from timber.

Outer Frame

Specially designed 70mm uPVC outer frame with dual seal weather proofing and a choice of thresholds to meet every requirement including new regulations for mobility access.

Glazing

24mm toughened safety glass double glazed units with a choice of decorative glass to further enhance the appearance of your door.

All doors come with high security multipoint locking with a choice of finishes that meet the requirements of the latest B.S.I. security standards.

The first impression a visitor gets of a home is the front door and it is important both for the home and the owner that it looks its best.

The benefits of purchasing a GRP Door

Energy efficient & environmentally friendly

The panel has nine times better insulation than a timber door Polyurethane cor is 100% CFC-free and offers enhanced sound and heat insulation

Stable

The thermoset manufacturing process means the panel will not expand or contract with changing temperature Will not bow, warp, crack, splinter or dent

Strong & Durable

High impact-resistant GRP (Glass Reinforced Polyester) skins 44mm thick leaf for increased security

ECO FRIENDLY

ALL VISAGE COMPOSITE DOORS COMPLY WITH THE NEW 2018 THERMAL BUILDING REGULATIONS

Technologically Advanced

Pre-pigmented skins are easy to maintain Engineered composite rails and stiles which completely seal the insulating core

Authentic Appearance

Woodgrain effect is indistinguishable from timber Compression moulded, high-definition panel display Authentic through colour skins Available in a range of styles and sizes Accepts a wide range of glazing options

Technical Specification

1. Low maintenance, paint free, robust and easy clean surface. Manufactured for strong impact strength and both thermal and UV stable, using G.R.P skins
2. Steel reinforced 70mm PVCu frame, extruded to B7413 specifications
3. Adjustable high security hinges
4. Cassette system with 24mm toughened glass unit
5. Multi point locking system with high security hookbolts that meet police preferred security specification by Winkhaus
6. Optional automated locking available
7. Fully sealed door leaf to prevent water penetration
8. Embossed woodgrain texture for traditional looks and feel of timber
9. Stylish handles with a "slamshut" option
10. Stylish 180 letter plates suited to match the handle colour
11. High thermal and sound insulation up to 9 times more insulation than a timber door

Optional high performance, low aluminium threshold providing wheelchair access, improved looks and weatherability (not shown)

Why not ask about our Secured by Design upgrade?

"Secured by Design" is the official UK Police initiative supporting effective crime prevention and security standards for a large range of products.

- The SBD logo is the only symbol that guarantees national Police approval of a product.
- "Visage" doors meet the "Police Preferred Specification" and as such are "Secured by Design"
- SBD option will improve your security and you may even get a discount on your home Insurance Cover.

All doors are CE marked in line with the Construction Products Regulation July 2013.

Bamburgh

- Elegant and Contemporary

Our Bamburgh door is Elegant and Contemporary and is the most popular range of door styles. This model is a superb choice for our new Dual Aspect decorative glass range. Dual Aspect is triple glazed and is available in a selection of red, green, blue and black fusion tiles.

A choice of backing glass should be made for all glass shown except for types marked with* which have a degree of privacy built in and do not have an obscure backing option.

ENERGY+ glazing improves the energy rating of your door.

Bamburgh - Elegant and Contemporary

As the Bamburgh is a number one choice among our customers we now provide a far greater selection of decorative styles. Many of our glass models are brand new and are reflective of the very latest technology in the industry. All decorative designs are hand crafted and small inclusions and uneven surfaces are all part of the handcrafted character of the glazing and should not be deemed as a fault.

A choice of backing glass should be made for all glass shown except for types marked with which have a degree of privacy built in and do not have an obscure backing option.*

Beaumaris, Dover, Stirling

- Modern and Different

This selection of doors really provides the opportunity to be different and have an entrance that is truly unique. Our Stirling doors have a cutting edge modern look whilst our new Dover model is equally well suitable to properties of every style.

A choice of backing glass should be made for all glass shown except for types marked with which have a degree of privacy built in and do not have an obscure backing option.*

Glazing can be in the centre of the Stirling door if preferred. Please mark clearly on your order if you require this option, otherwise the glass will be positioned as shown.

Tahoe Glazing

Inox Glazing

European Style - British Craftmanship

Our range of stunning Inox glazed doors combine the high performance of GRP composite materials with beautiful style to give a truly contemporary look to any entranceway.

This range of doors use stainless steel glazing frames to the outside which as well as adding a distinctive European flair are guaranteed to keep their high shine and stunning looks for years to come.

Added to this, these doors feature a fixed satin stainless steel bar handle to inside and out and the latest locking technology that automatically locks on closing with a key needed to gain entry from outside. Ultra modern triple glazing options provide ultimate style and are easy to keep clean.

A standard lever/lever lock can be fitted to these doors if preferred.

FD30 Firecheck Doors

Our 30 minute Fireproof doors give protection with an attractive finish. Fireproof doors provide the solution for doors in flats, shared entrances or in domestic dwellings, between a garage and a house as required by Building regulations. Available in white, black, blue, green or red, our fireproof doors have a white EcoFrame outerframe and Low Aluminium threshold as standard.

Our FD30 doors are covered using products associated with EXOVA WARRINGTON Fire assessment reference WF Report No. 310098.

Keyless Living **Yale**

Embrace the future of door security with the latest Keyfree technology making keys obsolete.

- No more problems if you forget your key or simply don't want to carry your key with you. Pin Code Access
- A small, remote control fob can also be used to unlock your home
- No more rummaging around in your bag for keys
- No more cutting keys for visitors
- If your children forget the Pin Code you can simply text them the number
- Mechanical override key in emergencies
- Battery operated/No external wiring
- Voice notification prompts you when door is locked, unlocked or battery low
- Available in polished chrome or polished gold finish

Obscure Glass Options

Where appropriate we recommend that textured backing glasses are used. These add an extra level of privacy to your entrance door and we offer four designs as standard from the Pilkington Range. If requested, we can supply any of the Pilkington Texture range as backing glass options. View the complete range at www.pilkington.com. Glasses marked * do not have an option for textured backing glass, as they have built-in obscurity.

Contora

Stippolite

Colour Matched Drip Bars

Colour matched drip bars to improve weatherability that blend perfectly into the colour of your door

Low Threshold Option

Our accessories include a low Aluminium threshold door sill, which improves access. For wheel chairs and prams, an optional Aluminium ramp can be specified - please state when ordering if required.

Venetian Blind Doorlites

The Venetian blind is encapsulated within the insulated glass cavity of this Doorlite to provide a zero maintenance blind that requires no cleaning. The blind can be raised, lowered or tilted easily using the unobtrusive fingertip controls on the edge of the frame.

Only available on the Windsor Door

Side Screen options

Composite side screen panels are available in all colours to match the Bamburgh, York or Conway styles. We recommend these frames are split. Minimum sizes are 1203mm wide with a single side screen and 1571mm with a double.

Any Pilkington glass can be specified as a backing glass to all types without a * against them. For glass shown with * in your main door, we recommend Stippolite or Contora in the sidescreens as the nearest match. Always check with your supplier before choosing.

Arched Door Option

All types of craftsman fabricated one piece arched doorsets with composite door leafs are available. Featured illustration shows the very popular twin vertical Bamburgh black on white door, with modern Infinity glazing.

Visage®

Infinity glass

Safe & Secure

Our composite doors feature multi-point locking, securely fastening the door to a fully reinforced frame with a combination of hookbolts and deadbolt. Additional option of a traditional slam shut facility.

Locking options include:

- Handle operated hookbolts as standard
- Slam shut facility* whereby when the door is closed it can only be opened from the outside with a key
- Stable door locking, features handle operated hookbolt and deadbolt to top, thumb turn operated and deadbolt and internal shoot bolt to bottom.

* Please note that for complete security the locks should be fully engaged by lifting the handle and engaging the key

For the Ultimate Security Upgrade

Fit Visage 'Magnum' cylinders
